### Insurance - Liability

Represents the District's general liability, public officials liability and property insurance coverage, which will be provided by Florida Insurance Alliance (FIA). FIA specializes in providing insurance coverage to governmental agencies.

### Legal Advertising

Advertising of monthly board meetings, public hearings, and any services that are required to be advertised for public bidding, i.e. audit services, engineering service, maintenance contracts and any other advertising that may be required.

### Other Current Charges

Bank charges and any other miscellaneous expenses incurred during the fiscal year.

### Office Supplies

The District incurs charges for supplies that need to be purchased during the fiscal year, including copier and printer toner cartridges, paper, file folders, binders, pens, paper clips, and other such office supplies.

### Dues, Licenses & Subscriptions

The District is required to pay an annual fee to the Florida Department of Commerce for \$175. This is the only expense under this category for the District.

## **Maintenance (Common Area):**

### Field Services

The District will contract to provide onsite field management of contracts for District Services such as landscape maintenance. Services to include weekly site inspections, meetings with contractors, monitoring of utility accounts, attend Board meetings and receive and respond to property owner phone calls and emails.

### Porter Services

## Community Development District

GENERAL FUND BUDGET

### Landscape Maintenance

The District will incur landscape maintenance expenses, which include mowing, edging, string-trimming, annual flower replacements, shrub and palm pruning, weeding, fertilization, pine straw, pest control and irrigation inspections during the fiscal year.

### Landscape Contingency

To record the cost of landscape enhancements as well as any miscellaneous landscape items currently not budgeted or covered in landscape contract.

### Plant Replacement

Unscheduled maintenance consists of tree, shrub and other plant material replacements as well as annual bed enhancements

### Irrigation Repairs

To record the cost of repairs to the irrigation system and preventative maintenance on the irrigation pump station.

### Irrigation -Water

The District incurs cost for water. The District will contract with a utility company to provide this service.

### Irrigation - Electric

The District will incur cost for electric for irrigation timers.

### Wetland Mitigation and Monitoring

Task 1A: Baseline Monitoring:

- Within 30 days of planting, FELSI will provide FDEP a baseline monitoring report for approval showing sampling locations, Photo Stations, the mitigation wetland area and location of plants planted as directed in the FDEP permit

Task 1B: Wetland Monitoring:

- Long term monitoring will determine the likelihood of success of the mitigation project and will be conducted semi-annually for the first year and annually for two through five. Monitoring reports will be submitted to FDEP within 30 days of the monitoring event and include criteria listed in the permitted monitoring plan.

Task 1C Release from Monitoring Request:

- Release from Monitoring can be requested when all criteria of the monitoring plan has been continuously met for a period of at least one growing season and not prior to two years post-planting. The release request will include preparation of a written request to FDEP detailing

# **Canopy**

## **Community Development District**

GENERAL FUND BUDGET

that the monitoring plan criteria has been met. The release cost includes site visits with the agencies, if needed.

### Task 1D: Wetland Maintenance:

- As part of the DEP and COT requirements, maintenance of the mitigation areas must be conducted to remove any nuisance and/or exotic vegetation affecting project compliance and should not exceed 1% of the total cover.

- The treatment of exotics within the 17.23 acres of wetland creation will be undertaken per the maintenance procedures in the permitted monitoring plan and performed by a State of Florida licensed commercial use pesticide applicator. The 27.34 acre wetland preservation area is also to be maintained free from exotics. Inspection and treatments, if necessary, in the mitigation site will be conducted quarterly for four years (total 16 inspections) and continue until permit success criteria has been met. The cost represented below is a per event/quarter cost for quarterly inspections of exotics. This task includes report preparation and submission.

- The cost for treatment will be related to site conditions, which will determine the level of effort needed to bring the project into compliance.

### Task 2: Installation and Maintenance of Wood Duck Boxes:

- As part of the Wetland Mitigation Report, duck boxes are to be installed within the pond. No number was given in the approved document. Based upon the estimated potential suitable habitat around the lake, we would recommend 8 boxes. Typically wooden boxes are cheaper, but only last a few years. The price included is for 8 boxes that are more durable. The cost includes all materials and installation of the boxes. Boxes can be maintained after nesting seasons ends in August and prepared for spring nesting the following year. The price included is for maintenance to occur once per year in combination with the scheduled monitoring events.

### Task 3: Environmental Permit Management:

- The FDEP and City permits have many conditions to keep track of. FELSI can summarize these conditions, timelines and responsible parties and provide limited oversight of task completion and reporting. It was noted that there are several inconsistencies in the DEP permit and the approved environmental considerations report. These inconsistencies may create problems or they may be easily explained and rectified. Management would continue until Success Criteria has been met. The cost provided is divided into Year 1, which is expected to take more effort and then subsequent years on an annual basis.

### Lake Maintenance

The District will contract to provide for the few Stormwater management facilities that the CDD will own and maintain.

### Repairs and Maintenance

Cost of repairs and maintenance throughout the common area of the District.
